About us

Château Gassier is in the heart of Cru Sainte Victoire within the Côtes de Provence appellation. 40 hectares of organic vineyards are circled to the North by Mont Sainte Victoire, to the South by the Sainte Baume massif and to the East by Mount Auréliens, which all act as a shield, lovingly protecting the vineyard. At less than 30 kilometers from the Mediterranean Sea, the climate in the valley is semi-continental, ideal for winegrowing and perfect for such grape varieties as Grenache, Cinsault or Vermentino. Château Gassier, after shifting to a plot selection technique, produces fine rosé wines which are the perfect partners for gastronomy.
